"Beaten into complete defeat by alcohol, confronted by the living proof of release, and surrounded by those who can speak to us from the heart, we have finally surrendered. And then, paradoxically, we have found ourselves in a new dimension, the real world of spirit and of faith. Enough willingness, enough open-mindedness -- and there it is!"

"I have an AA friend, a good and gentle soul. He recently joined one of the great religious orders, one in which the friars spend many hours a day in contemplation. So my friend has plenty of time to take his inventory. The more he looks, the more unconscious self-deception he finds. And the more astonished he becomes at the elaborate and devious excuse-making machinery by which he had been justifying himself. He has already come to the conclusion that the prideful righteousness of 'good people' may often be just as destructive as the glaring sins of those who are supposedly not so good. So he daily looks inward upon himself and then upward toward God, the better to discover just where he stands in this matter of honesty. Out of each of his meditations there always emerges one dead certainty, and this is the fact that he still has a long way to go."

The Central Service Office Rep serves as a vital link in maintaining two-way communication between the group and CSO. The Central Service Office Rep takes the responsibility for keeping the group informed on CSO matters, and provides CSO with up-dated information of a group contact name and phone number.

CSOR and their alternate are encouraged to learn more about the operations of the Central Service Office.

Each AA group elects a Central Service Office Representative who attends a monthly meeting. The purposes of this meeting are to keep the groups informed of the Central Service Office activities; to allow the Central Service Office Rep to voice the opinion(s) and/or inquiries of his/her group; and to be involved in outreach activities as desired. San Antonio Area A A News

VOL. 1 SEPTEMBER 15, 1950 NO.1

WHY AND WHEREFORES

Within the past five years the A.A. movement in San Antonio has grown from a mere handful of ex-drunks to our present group of over 600 non-drinkers who come from every walk and station of life.

As most of us know, we now have eight separate A.A. groups in San Antonio. We have two well-appointed clubhouses and a well-functioning central office, which operates under the direct supervision of the Central Committee.

All in all it would appear that we here in the Alamo City are making rapid and healthy strides toward our universal ideal, which, in the opinion of many, is recovery for all sick alcoholics who want to stop drinking and lead a normal life.

In view of the strides that we are making, many of us have long entertained the idea of instituting some means of keeping all 600 of us informed of the activities of all the groups, and of finding some means of passing along to our members, general ideas about our program which we believe to be of special interest to everyone.

This is the first edition of what we hope to make a regular publication for the A.A. members in the San Antonio area. It will be published under the auspices of the Central Committee, with no affiliation with any specific group. Our editorial policy, if any, will dictated by the Twelve Steps, The Twelve Traditions and The Big Book.

We hope to be able to publish the Nightcap on the first and fifteenth of each month, but whether or not we make it a regular thing depends on you. For your information, the first few issues are being paid for by a number of members who believe that The Nightcap is a step in the right direction, but in order to put our baby on a regular basis, we must have subscribers-lots of them-and on the back page of this, our first issue, there is a subscription blank that is self-explanatory, so it's up to you.

We've put everything else across that we tried, even quitting drinking, so let's get behind this. Incidentally we've figured costs pretty close on The Nightcap, so there should not be any profit over the cost of publication, but if there should be a profit, it belongs to the Central Office. O.K.?

The Nightcap is 64 years old!

Interview With the Author of "Physician, Heal Thyself!"

Fourth in a series of articles on authors of Big Book stories

DR. EARLE

Dr. Earle's story "Physician, Heal Thyself!" appeared in the Second and Third Editions of the Big Book. Dr. Earle was interviewed by telephone at his home in California by a Grapevine staff member.

Continued from January Nightcap

I looked at my glass and poured out what was there. I'd already had my last drink. I never felt so relieved in my life. God, I felt good. I felt just tremendous. It suddenly occurred to me: "Earle, your trouble is that you call yourself a drunk; you're not, you're an alcoholic." At that instant the craving to take another drink evaporated from me and believe it or not, it has never returned once.

I saw my friend the next day and I went to AA and I got turned on by AA and I've been turned on ever since.

When was that?

I came into the Fellowship on the fifteenth of June, 1953. So by the time this article is published, it'll be forty-two years and I'll be eighty-four years old. I still go to AA meetings several times a week. I think it's the greatest. I have a lot of fun there.

In the Big Book, you talk about operating on a woman with a tumor and how that brought you a sense of the Higher Power. Can you tell us any more about that experience?

When I came into AA I knew all about psychological things but I had never thought of a power greater than myself--that really hadn't crossed my consciousness. So in AA they said you needed to find a power greater than you were. Jimmy B. and Hank P. were the guys responsible for the phrase "as you understand Him" and I talked to Jimmy and Hank, I talked to Bill, I talked to Chuck C.--I kept asking, "What's all this Higher Power stuff?" When I was about nine or ten months sober, I operated on a woman and took out a large uterine tumor. I took out the sutures on the sixth day, and the wound was tightly healed together. How come? As I was pondering this, the woman's husband called me. He said, "I want to thank you for curing my wife. We are deeply appreciative." And she got on the phone and said the same thing. I said, "Well, I'm glad to be of service," but when we hung up, I asked myself, "Did you cure her?" And I thought about the wound and how it had healed, and while I didn't underestimate my diagnostic ability or my surgical ability, I wondered if I really could say I'd cured her. Well, I couldn't account for it. I thought, Well, maybe the nurses at the hospital cured her, because after all they had spent more time with her than I did. I spent many hours in surgery with her, but after that I just spent a few minutes twice a day making rounds. But I realized that as valuable as the nurses were and as lovely as they were, even they could not bring about a cure. And then it finally became perfectly clear to me that inside of every human being there is a healing power. I had cut my finger and it had gotten well; I'd broken a bone and it had gotten well; I'd operated on this woman and she had gotten well. How come? That to me, in its simplest form, is a concept of a power greater than I am.

What was your impression of Bill W.?

If this service interests you, then you might want to check out our committee and how we are carrying the A.A. message city-wide. We meet monthly, you can however, contact us quicker by calling the CSO for our telephone numbers.

"I am responsible. When anyone, anywhere, reaches out for help, I want the hand of AA always to be there. And for that I am responsible."

This goes hand in hand with the Fifth Tradition. The Long form says "Each Alcoholics Anonymous group ought to be a spiritual entity having but one primary purpose-that of carrying its message to the alcoholic who still suffers."
