Central Service Office of San Antonio

Dear Group Members:

RE: **Birthday Club**

We need your help getting this letter to your Group members, Live and Virtual.

We have a tradition that has occurred in San Antonio AA for many years.

**The idea of contributing a dollar (\$1) a year on our A.A. Birthday. A celebration of our sobriety!
Others may give a penny or a nickel a day for each day of their sobriety.**

Members can fill out this form and submit their birthday contribution to CSO, call in with a credit card or go to our website. Birthday contributions may be given in honor of one's own Birthday or an AA Friend's birthday.

Contributions may be listed, with your permission, in one of the Central Service Office publications:

- ***The "What's Happening in San Antonio"*** a publication of events around town and in Groups. We have added a special section called **"The Birthday Club"** at the end of the publication.

These contributions have helped us keep the AA Literature at the same price. Please call me if you have any questions regarding the **Birthday Club** program or anything involving the Office or Bookstore.

With a grateful heart,

Jim Burke
CSO Manager

Accessibility Workshop

Into Action Group

1301 S. Main, Lockhart, TX 78644

Sunday, May 22, 2022 - 1pm

(Snacks provided)

Presenter: **Jan S.**, Accessibilities Chair – Area 68

Accessibilities Committees have been established in AA for the purposes of carrying the message to those who might be challenged in accessing meetings, including, but not limited to persons with disabilities. Other examples might be persons unable to drive themselves to meetings, persons confined to nursing homes, etc.

Q. Are we as a group doing all we can to help carry the message to these individuals?

Q. What can we do to make our meeting home more accessible to persons with disabilities?

Q. Have we considered making it so persons can attend our meetings via zoom?

Bring your questions or just your curious mind. These are just some of the questions we can discuss and get ideas from our presenter on how to be more effective in carrying the message to those who have difficulty accessing it.

Please join us for this informative workshop!!

The AA Responsibility Declaration

“When anyone, anywhere, reaches out for help, I want the hand of AA always to be there, and for that I am responsible.”

When was the last time you considered how this statement applies? When I said it, I thought of those outside our fellowship; but since I’ve joined the Accessibility Committee, I’m seeing it in a whole new light. This committee’s goal is so much more than just ensuring people can get into an AA meeting. It is more than addressing the need for a ramp or how to avoid stairs.

The Accessibility Committee tries to make the message of Alcoholics Anonymous available to all who need it. This applies to all who have difficulty participating in our Program, whether those limiting factors are mental, physical, geographic, cultural, spiritual, or emotional. We also need to look at issues related to changing health, age, or social norms.

Those who have been around the fellowship for any time at all know we need to share the message if we hope to keep it. We CANNOT assume everyone has the same ability to grasp this program. What are the significant obstacles preventing participation in A.A? Some issues may not be easily identified. Someone may be dealing with confusion due to changes in medication; another may have difficulty hearing because of background noise. They may choose to hide their challenges because they don’t want to draw attention to themselves or their situation.

How do we continue to support someone with a long-term illness, a member who becomes homebound, a person who moves to a retirement facility, or others who experience vision or hearing changes? Some may have difficulty learning, reading, or processing information, and others may have mobility-related needs. Literature may become hard to understand. Caregivers may have young children, a partner, or a parent with issues that make it impossible for them to attend regular meetings. What about mental health challenges associated with Post Traumatic Stress Disorder (PTSD) or other illnesses?

What can we do to make A.A. accessible to all? There is no one answer for every situation. Your Accessibility Committee tries to identify resources in the area, but their efforts require everyone’s participation. We are looking for new ways to educate the membership on a broader understanding of what accessibility means to AA. How is your group helping people to participate? How do we share resources in the San Antonio area? No one group needs to have all the answers for every person with a challenge; however, all groups should be able to recommend a meeting where individual needs can be met. What recommendations do you have to overcome obstacles? For example, how can changing the arrangement of the room help. Seeing a person’s face may help some “hear better”? What about using “Access to the AA message” as a topic for a discussion meeting? Ensuring A.A. remains as inclusive as possible to all alcoholics will take time, awareness, and discussing what it means to each of us.
